

Reviewing Test Cases in the Alloantibody Exchange

Overview

1. Review test cases
2. Review production cases

Reviewing Test Cases

1. Visit the website.
 - a. Authentication
 - i. Required: <https://alloantibody.org/LookupTest>
 - ii. Not required: <https://alloantibody.org/LookupTestNoSignin>
 - b. This is the “Test” environment. The production environment is <https://alloantibody.org/Lookup>
2. Login with your credential.
3. Lookup a patient. Date of birth is a required field. Last name or first name, in addition to date of birth, are the most used fields.

NameFirst	NameMiddle	NameLast	DateOfBirth	Sex
ROSE	M	WILSON	2/7/1996	Female

CAMILA	L	SMITH	9/8/2001	Female
CHARLOTTE	M	RODRIGUEZ	10/23/1999	Female
AVA	K	MILLER	1/19/1998	Female
AMELIA	R	WILLIAMS	12/31/1987	Female
JACKSON	L	CASSMAN	11/19/1994	Male

See next page.

Reviewing Production Cases

The production website works like the test website. It will contain your patients after your IT department establishes the connection. To lookup a patient, choose “Patient Lookup” on the home screen (Figure 1).

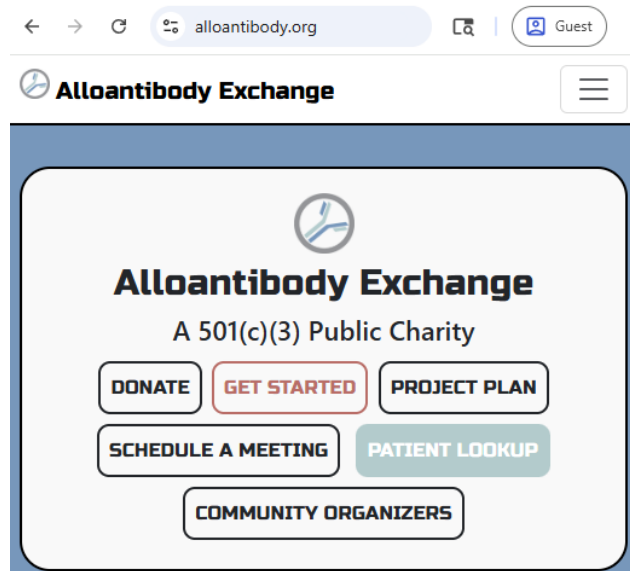

Figure 1. Choose “Patient Lookup” to search for a patient’s transfusion history.
